-

D) INSTALLATION - [top \(#toc\)](#)

installation is same as any default prestashop Module

*Method 1:

- you can install Module direct via prestashop addons
- Once connected to prestashop addons via your backend, your new module will be automatically installed.

*Method 2:

- Download the zip file from list of downloads in prestashop addons
 - go to Modules Section in your admin backend
 - Click Add New Module
 - select the zip file and upload it
 - Then click install and configure it
-

E) Usage - [top \(#toc\)](#)

1-Export from module page

to export orders go to modules > orders exporter > configure follow screenshots

3-export from order details

F) RECOMMENDATIONS - [top \(#toc\)](#)

Module compatible with prestashop 1.5 & 1.6 +

generated file encoded in UTF-8

Write permission should be allowed so generated file can be stored in module folder

G) Extra - [top \(#toc\)](#)

check this youtube videos to get started

- [Coming soon \(#\)](#)
-

Once again, thank you so much for purchasing this Module. As I said at the beginning, I'd be glad to help you if you have any questions relating to this Module. No guarantees, but I'll do my best to assist. If you have a more general question relating to the module on codecanyon, you might consider visiting the forums and asking your question in the "Item Discussion" section.
